Artikelnummer	00910001

Bemerkungen

VITA - born in Hamburg August 1975, mother Chinese from Shanghai and father German from Hamburg - studied fashion design at the university for applied sciences in Hamburg, diploma 2001 - worked for various fashion brands in Germany - lives in Switzerland/Thurgau at lake Constance since 2010 - active painting since 2013 If you want to describe angela verdi's style of painting it varies from naturalistic realism to modern abstraction - so metimes even combining both. But all works relate to her love for fashion! This love either appears in the shapes, silhouettes or in the texture of the paintings. She likes to experiment with different techniques: oil, acrylic (glossy and matt) and egg tempera.
